Your Special Day!**

# Welcome

## TO YOUR WEDDING!

*It's one of the most special occasions of your lives. A time where you will want to be present in each and every moment, a time where you can assured that all is proceeding as it should, under the watchful eye of our planning team.*

*For many brides and grooms, wedding planning is the first time being faced with organizing a multi layered event. You want the day to be rich in intimate meaning to each other and to your guests. But, often, what to do, how to do it creates a feeling of complete overwhelm!*

*This is where we connect. We emphasize with the complexity of your lives. Our program is designed to support you at every step of the way. We truly understand how busy couples desire the level of service that reflects the depth of their commitment to each other on this special day.*

*With our trusted services you can take a step back to relax as we begin creating magical moments that will be remembered for many anniversaries to come.*

*In your Magical Moment Wedding , our team of bridal concierges orchestrate your celebration with your vision in mind. We'll start with an in person meeting where we'll get to learn more about your love story and how you wish to present the union of your love to friends and family on your special day.*

*Magical Moments is created for the couples whom wish to have a role in their wedding planning. We'll connect you to trusted vendors and wedding artisans that will together create your personal wedding team. From there, our planning experts will take the reins and provide the framework for your approval. Within Magical Moments, we will organize all of your logistics. This includes: detailed event design, floorplans, seating chart and event schedules. Our planning experts will take the reins and provide the framework for your approval.*

*As the seasons change and your date grows closer, we'll re-connect and confirm the details of your choices. As your trusted support team, we'll confirm with your contracted vendors their terms of agreement to ensure all is in good order. On event date, lean on us in person to guide you through the waves of emotions that all lead to a successful event. With our team at your side, take the time to relax knowing that your day is being guided with expert care.*

*Wedding celebrations are definitely a passion for all of us on the planning side of Embrace Weddings. You can entrust us to make sure all of your details from ceremony to last dance are well taken care of!*

***At your service,  
Renee Foote & The Embrace Weddings Planning Team***

# The Results

"We had postponed our wedding due to covid in 2020 and when 2021 came around it looked like indoor receptions were not going to happen. After finding Embrace Weddings on wedding wire everything was falling into place. She helped us organize our new tented venue and was always a phone call or email away even at 2 am"

"I can't say enough about Renee and her team at Embrace Weddings! We had a blast, our wedding was above and beyond anything we had dreamed. The team was so professional and paid attention to all the minor details we threw at them"

"Renee and her team were absolutely incredible! Right from the planning, Renee was so pleasant, listened to my ideas and incorporated them, and then added her ideas which were amazing. Her staff were all so professional and so pleasant to all the guests"

"We hired Renee of Embrace Weddings for our unique, cocktail wedding in an aircraft hangar. Renee and her team are absolutely wonderful! From the very beginning we knew that Renee was special; spending time with us in order to prepare a completely personalized proposal like no other coordinator had.

Over the next few months Renee was hard at work bringing our vision to reality; saving us time and energy while she worked with vendors to deliver our dream day. Renee's years of experience is an added bonus for any couple trying to navigate the challenges of wedding planning. Whatever we needed, she was there whether it was a special item or sound advice."

# The Magical Moments Value
